

NVSC Hike Report
10K South - Crest - Sandia Mountain East
Thursday, 06/27/19

Rating C
Hike Miles 5.2
Elevation Gain 900
Hike Time 4:00

Report Seven hikers from NVSC (2 newbies; 3 no-shows) went on this cool hike in the Sandias along the 10K trail. The grass was high along the ski runs, and the penstemon, western wallflower, and flowering bushes made for a colorful hike. A little over half-way, one of the hikers injured his ankle. It was a team effort to loan another hiking pole, wrap his ankle, and provide a cold pack for later. We had lunch at the tram, sent him down on the tram to the restaurant below, and picked him up there after we returned to town at the end of the hike. He was in a good mood -- he had drunk two beers and made a new friend who gave him tips for treating his ankle. Thanks to Joe for driving and Pat for sweeping.
